

## PIPE OIL MISTER ASSEMBLY

Complete with spray arms for external pipe surface coating and extendable legs for internal pipe surface coating.

Model PMO 30LPM is driven by a 200 bar high pressure pump to efficiently discharge 30 liter/min of high viscosity lub oil (100cst) through Ruby Insert Fog Nozzles into fine oil mist for pipes coating. Mounted on portable castor trolley with a 100 liter lub oil container, it is fully self contained with remote start /stop and local control for operators ease of operations.

## SPECIFICATIONS

- \* Pump capacity : 30 liter/min @ 3000 psi
- \* Tank capacity : 100 liters
- \* Remote control : Pump start / stop
- \* Ruby Insert Fog Nozzles : 0.3 liter/min @ 70bar
- \* Spray arms for Internal and external coating
- \* Power Supply : 230 VAC /1 phase /50 Hz
- \* Dimension : 1.3m x 0.7m x 0.9m (ht)
- \* Dry Weight : 250 kg
- \* Laden weight : 500 Kg

## APPLICATIONS

- \* Pipe Internal diameter : 3 inch to 10 inch
- \* Pipe Length : 60 ft Max
- \* Lub Oil : Light to high viscosity 100 cst.

**Class :** General Purpose environment only
